MCKINLEY AND HOBART

Will Be Elected President and Vice President.

WEDNESDAY IS THE TIME.

It is a State Occasion, but it is a Matter of Such Formal Character as to Attract Very Little General Attention.

Washington, Feb. 8.—The feature of the week in the house will be the ceremonies on Wednesday on the occasion of the counting of the electoral vote and the formal promulgation of the election of McKinley and Hobart by the vice president of the United States. It is a state occasion, but of a very formal character.

Unless the fortifications and sundry civil bill is reported the house will have no appropriation bill to consider this week, and most of the time will be devoted to such bills as the various committees may present, and the conference reports.

There are contested election cases—Beattie versus Price, from Louisiana; Hopkins versus Kendrick, from Kentucky, and Bennett versus Baatner—which probably will be decided. In each case the majority report favors the sitting member (a Democrat) and little time will be consumed in disposing of them.

In the Senate, Washington, Feb. 8.—Senator Morgan probably will announce his abandonment of the Nicaragua canal bill for the present session on account of the determined obstruction to its passage, while at the same time he will declare his intention to press the measure with more determination than ever at the next session.

The appropriation committee expect to have the Indian and agricultural bills reported by Wednesday and will ask for early consideration. Senator Thurston will seek the first opportunity to conclude his speech on the Pacific railroad resolutions, and Senator Morrill has given notice of his intention to advance the bill to prohibit the sale of liquor in the Capitol.

As soon as these matters will permit there will be an effort to proceed with the bankruptcy bill, and it is not expected that there will be an avowed opposition to consideration. The proceedings relative to the arbitration treaty will be held in executive session and will be long and animated.

Senator Lodge hopes to get up the conference report on the immigration bill as soon as the house acts upon it, which he thinks will be done the latter part of the present week.

BASEBALL RULES CHANGED.

It Affects Discipline More Than Playing the Game Proper.

Washington, Feb. 8.—James A. Hart, chairman, Edward Hanigan and A. L. Reach, the committee of the National baseball league, appointed to recommend changes in the code of rules have submitted their report to President Nick Young.

No changes are recommended in the rules governing the playing of the game proper, the changes being more in the nature of improving the discipline surrounding the game and making certain rules less ambiguous.

The committee concluded that whenever trouble has arisen on the field it has almost always been caused by the fact that the umpire has failed to enforce existing rules. Many important rules which have been created to maintain the dignity of the game have become "dead letters" and inoperative simply because the umpires declined to enforce them.

Severely In Contempt.

New York, Feb. 8.—Before the legislative joint committee on trust adjourned, Chairman Lexow announced that failure on the part of John D. Fierles, secretary and treasurer of the American Sugar Refining company, to appear before the committee would bring upon him such punishment for contempt as the laws of the state of New York prescribe.

Watson Knocked Out.

Washington, Feb. 8.—It has become known that the house committee on elections which has charge of the election contest brought by Thomas E. Watson of Georgia recently the Popular candidate for vice president, against Representative Black, decided to confirm Judge Black's title to his seat.

Failed in Her Mission.

St. John's N. F., Feb. 8.—The steamer Nimrod, which left here a week ago in search of the missing steamer State of Georgia, was sighted her way slowly and idly through the ice. It is evident, therefore, that the Nimrod has failed in her mission.

Albany, Feb. 8.—The hotels are beginning to fill up with the delegates to the annual convention of the League of American Wheelmen and the canvass for president is well under way. The assembly does not open until Wednesday morning.

Convicted But Not Executed.

Ashtand, O., Feb. 8.—After nine hours' deliberation the jury brought in a verdict of murder in the first degree against Eliza Kestler, who killed Horace L. Stearns by shooting him in the back on Nov. 29.

Whisky to Be Shipped in Tanks.

Chicago, Feb. 8.—The whisky trust is trying to make arrangements to ship its product in the seaboard in tank cars, as the Standard Oil company does.

BUTLER IS TALKING.

Clashes There Were Two Others Interested in Weller's Murder.

San Francisco, Feb. 8.—The murderer Frank Butler, alias Richard Ashe, has no claim to the title Lee-Weller, as has been shown by Edwin Elliot, an intimate friend of Weller. Elliot, after a visit to the city prison, says Butler has not the slightest resemblance to the dead captain. Elliot is engineer of the Australian steamer Monowai. Captain Petrie of the ship Oliver Bank also visited the prison with the intention of identifying Butler as Richard Ashe, who had shipped with him as an able seaman in 1893.

The Australian detectives now in the city to take Butler back for trial are jubilant over an alleged confession made by Butler to Detective Conroy. Butler, it is said, told Conroy that at least two men besides himself had intimate knowledge of Weller's movements and mysterious death. He said that, although he was really innocent, these two murderers had forced him to accept part of the dead Weller's belongings, afterward found among Butler's effects.

Butler told Conroy if the police would allow him to capture the two alleged murderers of Weller he (Butler) would turn queen's evidence against them when the case comes to trial. The police are confident that Butler will make important disclosures in a few days, believing that he is weakening under confinement, when confronted with the weight of evidence against him.

STEEL WORKS TO RESUME.

An Immense Plant in Maryland Will Soon Be in Operation.

Baltimore, Feb. 8.—Preparations are being made at the immense works of the Maryland Steel company at Sparrow's Point, near this city, for an early resumption of work. Large quantities of ore have been accumulated during the recent months of idleness, blast furnaces are being put in shape and it is expected that all will be in readiness for the full operation of the works by the end of the present month. Fifteen hundred men will be affected by the resumption.

Took to the Woods.

Montgomery, Ala., Feb. 8.—A head-on collision between freight trains occurred on the Louisville & Nashville railroad near Myers' switch, caused by the carelessness of the telegraph operator in failing to signal the southern train. Sid Kirkland, engineer, 28, of Montgomery, and Brakeman Weller, of Middletown, Ky., were killed and the fireman is believed to be fatally injured. After the accident the operator took to the woods and has not been seen since.

Washington Field Sold.

London, Feb. 8.—Washington hall, in the county of Durham, has just been sold for £400. This was the estate which both Washington Irving and Robert Sturgess, the local historian, claimed as belonging to the ancestors of George Washington. The historic mansion, now let in tenements, and the land attached to it, were bought by the local authorities, who desired to make a cemetery. Part of the land was not required for this purpose, and, together with the hall, it was bought under the hammer.

Kneels Sentenced to Prison.

Berlin, Feb. 8.—Robert Kneels, the American horseman, charged with entering the trotting mare Bethel in races on the German tracks under the name of "Nellie Kneels," was sentenced to nine months' imprisonment and ordered to pay a fine of 1,000 marks. He will also be deprived of all civil rights for two years. The court ordered the forfeiture of the mare Nellie Kneels.
